RE: Key Findings: 2020 Primary & General Election Congressional UT-04
DATE: October 10, 2019

Remington Research Group conducted a survey October 5 through October 6, 2019. 819 likely 2020 Primary & General Election voters participated in the survey. Survey weighted to match expected turnout demographics for the 2020 Primary and General Election. Margin of Error is +/-3.4%. Totals do not always equal 100% due to rounding.

The latest polling conducted by Remington Research Group indicates double digit lead for Jay “JayMac” McFarland over announced and rumored field of 2020 Republican Primary candidates. While McAdams retains a slight lead, McFarland is best match-up in General Election showdown.

Excerpt of Questions pertaining to Congressional Primary match-ups in Utah-04. Sample was likely Republican Primary voters.
