Biden Leads by 10% & Peters Leads by 6%
(Biden 51% - Trump 41%/Peters 49% - James 43%)

EAST LANSING, Mich. — Formers Vice President Joe Biden (51%) leads President Donald Trump (41%) by a 10 percent margin in Michigan while US Senator Gary Peters (49%) has a narrower 6 percent lead over challenger John James (43%) in the race for the US Senate according to a poll conducted by Mitchell Research Communications of likely voters in the upcoming November 3rd Election.

The poll, commissioned by MIRS, a Lansing based publication, used a combination of IVR (automated) surveys as well as live operator calls to voters under the age of 45. The survey of N=900 Likely Voters was conducted on October 18, 2020 has a Margin of Error of + or – 3.27% at the 95% level of confidence.

“President Trump won Michigan four years ago by just 10,000 votes, but he appears to be in trouble this year. He is only getting 91% of the voters who voted for him four years ago, while 98% of Clinton’s voters are voting for Biden. Trump is getting only 89% of the GOP vote, while Biden is getting 95% of the Democrats. Biden has a big 2:1 lead with independents (54%-27%). All this make Michigan in the Biden camp now, but as we saw four years ago, as lot can happen in the last 15 days,” Steve Mitchell, president of Mitchell Research said

Seventy-six percent of the voters said they watched US Senator Kamala Harris debate Vice President Mike Pence and by a narrow margin (41%-39%) they said Pence’s performance made them more likely to vote for Trump than for Biden.

In terms of issues,

Thirty percent said Jobs/Economy and Trump leads by a 79%-16% margin with voters who cite the issue.
The coronavirus (20%) is second and Biden leads by a whopping 88%-10% margin.
Healthcare (17%) is third and Biden leads by a strong 82%-8% margin.
Law & Order (14%) is next, where Trump leads 72%-19%.

About 44% approve of the job Trump is doing while Governor Whitmer has a job approval of 57%.

Biden’s lead with men (53%-39%), is stronger than with women (49%-42%). Generally, Trump does better with men than women, but this poll says the opposite.
“Currently, Biden seems to be in command in Michigan. However, John James is within striking distance of US Senator Gary Peters because James is only 6 percent behind,” Steve Mitchell said.
